1045 Crawford W. Long St., Post Office Box 571, Danielsville, GA 30633

Whitsel Construction Services was created in 1986. Throughout the years, we have worked on a wide variety of projects utilizing all types of construction methods and systems. Our experience ranges from the restoration of early nineteenth century structures to new state of the art facilities using the latest technology.

We mainly work in the Northeast Georgia area and have had projects in Athens, Clarke County, Madison, Morgan County, Commerce and Jefferson in Jackson County, Hartwell, Hart County, Elberton, Elbert County, Danielsville, Madison County, Greensboro, Greene County and Eatonton, Putnam County.

Our specialty is and has been restoration and preservation of historic structures. We have more than thirty years experience in the restoration field and a resume that includes large architecturally significant buildings, a wide selection of residential structures and many utilitarian industrial buildings, that were either restored or converted for a wide range of uses.

Whitsel Construction Services prides itself in producing a high quality product delivered in a professional manner. We try to find the correct system, materials and budgets to fit the owner's needs and expectations. In all endeavors, we strive to deliver a product that exceeds expectations and do so in an honest and forthright manner.
